

Synopsis: Since 2020, having 1.8 years of extensive hands on experience through project exposure across **application design & development, documentation, production support in Web Development.**

EXPERIENCE SUMMARY

- Worked in UI technologies like: HTML 5, CSS3, JavaScript, Angular, ReactJs, BootStrap, TailwindCSS.
- Worked on Back-end technologies like : Dotnet WebAPI, Nodejs, ExpressJs
- Experience in Waterfall and Agile methodologies and understanding of various SDLC phases - requirements gathering, design, development, testing, release and support
- Good Working knowledge of different Azure Computing Services like VMs, App-services.
- Extensive knowledge of different IDEs like Visual Studio, Visual Studio Code.
- Verbal and written communication with customers to resolve the issues.

QUALIFICATION

Degree	Institute	Year
B. TECH (CSE)	Godavari Institute of Engineering and Technology	2020
12 th	Aditya Junior College	2016
10 th	Vidya the Concept School	2014

ABILITIES

- A team player with excellent communication and interpersonal skills and has the ability to work independently under pressure.
- Effective in work situations that require an ability to work on multiple and prioritize workload.
- Strong analytical reasoning and logical reasoning skills.

Areas of Experience

Industries :

Banking

Technology & Tools:

Back-End Technologies:

Dotnet WebAPI, NodeJs, ExpressJs

UI Technologies and Frameworks:

HTML 5, CSS3, JavaScript, ReactJs, Angular, BootStrap, TailwindCSS, Headless UI.

Database Query Languages and Frameworks:

SQL Server, MongoDB, MySQL

Source Safe Tools

GIT, Git Hub

IDE:

Vs Code, Visual Studio

Other Tool:

Postman

Operating Systems

Windows 2007, 10, 11

CURRENT WORK EXPERIENCE

Working with Hexaware Technology. From 10th September,2020 – till date

Project Name : BBH_Private_Banking
Domain : Banking
Role : Developer
Skill : C#, Dotnet
Duration : September 2021 to January 2022

Project Description:

BBH (Brown Brother Harriman) is the oldest and one of the largest private investment banks in the United States. Some of the applications I have worked under the project are

- Helped in developing the web application for the clients.
